Automatic Voltage Regulator (AVR)

PACIFIC's AVR smoothes the fluctuating power output and enables the operation of sensitive electronic equipment.

Oil Warning System

PACIFIC's answer to expensive repair bills. The warning system will automatically stop the engine when the oil drops below a predetermined level.

Large Fuel Tank

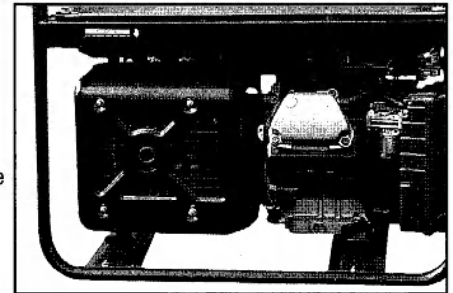

Large Capacity Fuel Tank with Fuel Meter.

DC Output Capability

Direct current output allows battery recharge.

Rugged Full-Frame

Its protective frame guards the generator from rough handling and damage, and also makes it easy for transport.

PACIFIC GENERATOR
